The front gate has a black code padlock on it (along with several normal metal ones). The code for the padlock will be sent to you after you register, please ensure that everyone you know is coming has the code and knows how to open the lock.

To open, turn the tumblers to the code, then squeeze the metal shank down into the black body of the lock, it will click then spring open. If it does not open check the tumblers are set on the code, give in a shake and pull, then try squeezing again.

The AAF has a mobile that works on site, if you have issues please ring 0439 782 752. This phone will only be available on the weekend of Beorgwic, so please don't try and call it in the meantime. There is a public phone in Nerriga if you need it.
